CANADIAN NATIONAL

Mr. W. W. Isbister who has been a patient in the Esler Hospital at Cereal for the past two weeks returned home on Monday, but is still confined to bed.

N. B. James To Reply
To Throne Speech

Edmonton, Feb. 7 (C.P.) N. B. James "Social Credit" member for Acadia, will move the reply to the throne speech at the session of the Alberta Legislature opening February 8, it was announced here yesterday by Premier Aberhart. Mrs. Edith Gostick, "Social Credit" member for Calgary, will second the reply.

Mr. and Mrs. A. Rosenau and two sons also the former's brother Otto, of Vancouver, motored to Forestburg Monday, where they will visit with their sister Mrs. William Vanderberg.

Mr. Geo. M. Aitken Is
New Village, Councillor

There was just one nomination for councillor in the village of Chinook, George M. Aitken, A. L. Robinson was the retiring councillor.

Messas Cooley Bros.
Buy More Land

Justifying a faith in the land that did not waver all through the dry years, the Cooley brothers of Chinook last year took such an excellent crop off their quarter-section that they have been able to purchase three quarter-sections more. The brothers operate a garage in Chinook and John E. Cooley is mayor of the town.

The newly acquired land is 1 1/4 section of 1-29 7 and 1/2 of 36 28 7 and are in a block with the original quarter-section purchased.

Mrs. W. H. Davis and son Edward left Wednesday morning for Calgary where they will spend a few days.

Mr. W. S. Lee returned Sunday morning from Calgary where he has been receiving medical treatment.

Mr. and Mrs. Lloyd Robinson and little son Lorne left Tuesday morning for Bowden

A very enjoyable evening was spent when many friends gathered at the home for Mrs. W. H. Davis to celebrate Edward's birthday. The guests arrived at 6:30 p. m. and sat down to a turkey supper.

After everyone had eaten heartily a contest was given by Margaret Davis, then three tables of bridge was played.

Later the evenings enjoyment was brought to a close by serving birthday cake and coffee. With Miss Byler at the piano a sing song was enjoyed after which all left for their respective homes.

WORLD DAY OF PRAYER ANNOUNCED

FRIDAY, February 9, is the World Day of Prayer. Begun more than twenty years ago, for one day each year, women "hold the world together" by prayer. More than that, they create a day that stretches its length to forty hours, from the rising of the sun in New Zealand, through the morning and afternoon hours in cities, towns and villages, around the world, until the day ends in ice and snow off the coast of Alaska. Prayer transcends the boundaries of nations and race, of time and temperature and all are one in this great fellowships of intercession.

International undenominational the world programs for the day are prepared each year by key women, and adapted to the use of every country, by its own committee. This year's program was prepared by the Misses Muriel

and Doris Lester, founders of Kingsley Hall in the East End of London, England, and adapted for use in Canada inter-Missionary Board committee of the Women's Missionary Societies. The theme is "In quietness and in confidence shall be our strength."

In Calgary, the gathering for participation in the fellowship of the 1940 World Day of Prayer will take place in Grace Presbyterian Church at 3 o'clock on Friday afternoon, February 9th. Of special interest is the announcement that a coast-to-coast broadcast over the C. B. C. network and private stations has been arranged for Thursday, Feb. 8th, when Mrs. G. Ernest Forbes, chairman of the inter-board committee of the Women's Missionary Alliance Societies of Canada, will conduct the service. This broadcast will be carried by CFAC and heard at 2.15 Mountain Standard time.

The Path To Health

A reduction of 25 per cent. in deaths from all diseases and accidents combined in the period of the last ten years in the Dominion is a record of which the people of Canada have a right to be proud, since the statistics indicate marked progress in the fields of both preventive and curative medical treatment, and this, of course, includes the sphere of surgery.

This achievement is more particularly notable since the progress along the path to better health and greater longevity has coincided with one of the worst eras in Canada's economic history, 1929 to 1939 inclusive. It means that during a period when people have had less money to spend on luxuries than formerly they have been devoting themselves to the task of promoting better health and longer life and have been giving hearty support to public health authorities, scientists and the medical profession in their efforts towards these worthy objectives with considerable success. Surely these objectives and these results are deserving of commendation and the people of this country generally should be congratulated.

Some statistics of mortality from various causes during the past decade among the 1,250,000 policy holders of the industrial department of one of the large life insurance companies, which may fairly be taken as representative of the people of the Dominion as a whole, show tremendous declines in the death incidence of many diseases which formerly took a very heavy toll of the populace, and show that during the past two years, 1938 and 1939, the mortality rate has been the lowest in Canadian history. In 1939 new low mortality rates for tuberculosis, pneumonia, scarlet fever, diarrhoeal diseases and accidents combined, were recorded.

Marked Progress

Public enemy No. 1 in the death rate column as recently as 11 years ago, tuberculosis, as a cause of death in Canada has dropped to third place. The death rate from this disease among the company's policyholders last year was seven per cent. lower than in 1938 and 45 per cent. lower than in 1929—an indication that this disease is succumbing to the onslaughts being made upon it by the co-operative efforts of the public, the medical profession, research workers and public health authorities.

Even more marked progress has been shown during the past ten years in the fight against some of the other dangerous diseases. Mortality from pneumonia, one of the most deadly diseases a few years ago, has declined in a single year by 19 per cent. and in the last ten years by 55 per cent., the company reports. Deaths from influenza have declined 70 per cent. in the decade, while a decline of 13 per cent. in a single year and 65 per cent. in ten years marks the progress of the battle against the four principal communicable diseases among children: measles, scarlet fever, whooping cough and diphtheria.

With respect to diphtheria," says the insurance company, "it is interesting to note that ten years ago it caused about as many deaths among the insured in Canada, as did deaths from other communicable diseases combined. To-day, deaths from whooping cough, despite a reduction of 40 per cent., outnumber those from diphtheria."

Deaths from diarrhoea and enteritis have declined 12 per cent. in one year and 75 per cent. in ten years; from puerperal conditions, some but not all of which may be attributed to a declining birth rate, 25 per cent. in the decade and fatal accidents, 30 per cent. in the ten years. No decline, however, is shown in the number of deaths from automobile accidents in the ten year period, otherwise the reduction in accidental deaths would have been substantially increased.

More To Be Done

While these facts and figures will be digested with considerable satisfaction, the war against preventable disease and death is by no means won but they do show that real progress is being made. There is a dark side to the picture represented in the increasing death rate from cancer which was 35 per cent. higher in 1939 than ten years ago. It is to be hoped, however, that the present campaign which is now being conducted to make the people thoroughly conversant with the symptoms of this great killer and of the fact that the disease can be cured if caught and treated in the earlier stages will bear fruit during the decade, 1939 to 1949. There is no doubt that thousands in Canada who have been laid in the grave, victims of cancer, and hundreds who to-day are doomed to an early demise from the same cause would be alive and healthy, had they had the knowledge that would have sent them to their physicians in time.

Cancer is not the only disease, on which concerted efforts must be put if the death rate for the next ten years is to show a corresponding, or even greater decline than the past decade. During the past ten years the mortality rates from diabetes, heart diseases, diseases of the coronary arteries and chronic nephritis have all shown appreciable declines.

While, as listed, these diseases which are becoming a greater menace to the people of Canada, are comparatively few in number, they offer a wide field for more research, more education and more co-operation between the public, health authorities and the insurance companies themselves, who, it might not be amiss to remark, are rendering a valuable service in the efforts they are making to promote health, reduce mortality rates and make available to the public health information which will help the people to help themselves to better health, and hence, greater happiness.

Simple Courtesy

Simple courtesy injected into our everyday human relations would do more to extend the spirit of good-will than all other efforts combined. Courtesy begets kindness and kindness awakens goodwill and confidence and ripens into understanding, and understanding is peace.

Craig Harbor, Northwest Territories, Canada, is the most northerly post office in the British Empire.

"When a pedestrian and a motorist meet squarely at a cross-roads, which has the right of way?" "Oh, it's generally a toss-up for the pedestrian."

An average of 20,000 people a day visited the Canadian Pavilion at the New York's World Fair during 1939.

It is said that whooping cough is the most contagious of all childhood diseases.

A Rabbit Drive

Novel Method Adopted For Assisting The Red Cross Fund
Saskatchewan residents have a novel way of raising funds for the Red Cross, reports Mary Gardner, of Manor. This is a "rabbit drive", several of which have been held in the Auburnton district, 14 miles south of Manor.

These rabbit drives usually are held on a Saturday afternoon, and each one covers approximately six miles. In the centre of this area a rabbit corral (or trap) is built of chicken-wire, square, with one side open and two wings projecting like the sides of a funnel.

At a specified time, usually around 1 p.m., men, women and girls meet for the drive. They advance on the corral from four directions, spread out in four long lines. On a signal they start walking or running toward the trap, through fields and farmyards, driving the rabbits before them. These lines are kept in place by two mounted men, who prevent one line from getting ahead of another.

Eventually, the four lines meet in the centre and the frightened rabbits are herded into the trap. When the hunters disperse a specially selected crew dispatches the rabbits as quickly and painlessly as possible. The carcasses are disposed of to butchers or fox farms. The pelts eventually find their way to manufacturers of felt hats, while the meat is fed to foxes.

From five to seven cents is received for each rabbit and the proceeds of each hunt is turned over to the local Red Cross Society.

In addition to providing the Red Cross with funds, these drives rid the communities of the rodents which, in most cases have become community pests.

No Travel Rush

British Ski Enthusiasts Not Going To Switzerland This Year

Ordinarily at this season the Victoria Station platform from which trains leave for Channel boats is jammed with people and luggage and bundles of skis, a heading for snow and sunshine. This winter the golden age of the Swiss hotel-keepers seems to have come temporarily to an end as far as British visitors are concerned; after a recent snow-fall people merely waxed their skis and took them out to do a few vital turns on the mild English slopes. Even in the face of such a depressing business outlook, the clerks in Thomas Cook's Berkeley Square travel office are successfully preserving that air of polite detachment which they have cultivated so carefully for years. A young woman who had somehow contrived to scare up a permit to leave the country went in there the other day and broke the cathedral hush of the place by asking, in as casual a voice as she could manage, how to get to the Swiss skiing country. The clerk simply nodded, reached for the proper travel folders, and said, "Certainly, Madam. May I suggest that you go via Paris?"—London Letter to The New Yorker.

SELECTED RECIPES

NUT COOKIES

½ cup butter
½ cup white sugar
½ cup milk
2 eggs
½ cup Bee Hive White Corn Syrup
1½ teaspoons baking powder
½ teaspoon salt
Grated rind of one lemon
2 cups flour
Chopped nuts
Cream butter, add sugar, beat, add one whole egg and one yolk (saving one white for top) add syrup, beat, add milk and rind then add dry ingredients sifted together and mix thoroughly. A little more flour may be needed. Drop on buttered tins and brush tops with slightly beaten egg white and sprinkle with chopped nuts. Bake at 350 degrees F. 10 to 15 minutes. Makes approximately three dozen.

CARDINAL PEAR MOLD

1 package Cherry Jell-O
1½ cups hot water
½ cup juice from canned or cooked pears
½ teaspoon ginger
½ teaspoon salt
Pear sections
Dissolve Jell-O in hot water. Add pear juice, ginger, and salt. Turn into individual molds. Chill until firm. Unmold. Garnish with sections of pears. Serves four.

Gol Secret From China

Justinian, Byzantine emperor, succeeded in getting the silk secret from China by bribing two monks to smuggle some of the silkworms out of the country in their bamboo staffs. Afterward, silk became more widely used, although it remained expensive.

One person in every 73 in England is named Smith and one in every 76 is a Jones, according to a recent estimate. 2345

GET THESE BEAUTIFUL **Blue or Crystal GLASS BOWLS NOW!**

Go-op. Stallion Policy

The Co-operative Stallion purchase policy has proven very satisfactory in assisting many districts to obtain good stallions. The department assists in organizing the club, and arranges transportation of the club committee to select a horse which has been passed by the stallion inspector. The department pays the transportation on the stallion from the point of purchase to

the club, and in pioneer districts and poor communities a special grant may be recommended to assist in the purchase of the horse. Forty stallions were placed under this scheme in 1938, and thirty-five in 1939.

Mr. Geo. Wanner is a Calgary visitor this week

Mrs. W. Wilson is visiting for two weeks at Calgary and Turner Valley.

PAUL THOMAS, PASSES AWAY

Olds, February 5 — Funeral service for the late Paul Thomas, popular resident of this district, who died in the Janisfail hospital last Saturday were held from the Old. Unit. Church here yesterday, conducted by Rev. N. W. Whitmore.

Deceased succumbed to injuries received last Wednesday when he was crushed by a horse in the stable of his barn at his farm home about 12 miles northwest of Olds. He was tending the horse at the time of the accident, and was forced against the manger by the animal. Suffering internal injuries he was rushed to the Janis-

fail hospital but fought a losing battle for his life. He is survived by his wife and one small daughter. The late Mr. Thomas lived in the Glens district, south of Cereal for a number of years.

The Ladies' Card Club

The Ladies' Card Club met Tuesday evening at the home of Mrs. L. Cooley. Honors went to Misses M. Otto and M. Byler. Mrs. Sawyer will be hostess to the club next Tuesday.
